

High Cedars Guests,

We are closely monitoring the recommendations from government agencies and health care officials regarding the COVID-19 global pandemic. We have and will continue to take every precaution to ensure the safety and health of our staff and guests. We want to update you on the measures we are taking.

In accordance with Governor Jay Inslee's "stay at home" mandate, we are currently closed for business. This closure is all inclusive and includes the pro shop, driving range, both golf courses, all practice areas, special event center, restaurant, bar, High Cedars Golf Academy, all junior lessons, camps and leagues including our wine, women and golf sessions.

High Cedars Golf Club has been an active, involved and vibrant member of the business, recreational and golfing community in the Pierce County area since 1971. The community's support of High Cedars Golf Club has always been beyond our wildest imagination.

Once again, we find it our responsibility to actively support our community, health care providers, first responders and state. We are currently closed until Governor Inslee says it is safe and in the community's best interest to open our facilities to the public.

The health and safety of our staff and guests at High Cedars Golf Club is of the highest importance. We wish everyone safety and good health during this unprecedented time.

Please join us in obeying the Governor's "Stay at Home" mandate. Practice the 6 foot social distancing mandate and wash your hands vigorously and often and stay home. Hope to see you all soon.

Please call, e-mail or text me with any questions.

Best Regards,

John Benedetti
